TO: COMMISSIONER JANE E. HENNEY

Because of the use of medically useful antibiotics in animal feed I have stopped eating beef, poultry etc.

As a member of the center for Science in the Public Interest CSPI, I urge you to save human lives by banning the use of medically useful antibiotics in animal feed. Adding antibiotics to feed in order to promote growth can make bacteria resistant to those antibiotics. This will leave physicians with no way to treat life threatening bacterial infections in humans. That's why I support the petition filed by CSPI.

Thank you.

Sincerely,

Ms. Joan Jacobsen
